Dear Customer:

PARKS DRIVERS wishes to remind you of our unchanged business focus and our mutual objectives.

PARKS DRIVERS offers qualified, presentable and punctual drivers to get you to your destination in your safe car, at the time you have scheduled with us. All PARKS DRIVERS are vetted for their skills and background.

PARKS relies on you to provide a safe car which is insured under your owner's motor vehicle policy, which should cover authorized licensed drivers. By signing this form, you acknowledge the insurance relationship which underlies our services, and you expressly consent to the use of the vehicle by our driver for the duration of the trip which you have authorized.

In addition, you should keep the current registration, insurance and emissions documents in your vehicle, for presentation by our driver to officials on request. It is suggested that a copy of this document be included in the vehicle as well.

I intend to maintain the excellent level of service that PARKS DRIVERS has maintained since 1975. Our drivers are committed to this goal of pride and performance.

Sincerely,

Please sign, date, and return:

Ted Marsh
